Zoom online group size and class duration will be adjusted based on age appropriate attention span and the preschool will provide materials required for zoom sessions.

Materials Fee ***

A nonrefundable Materials Fee is paid annually in September.

Material fees are significant portion of our program as we follow children’s interests and engage in rich explorations using high quality art materials. We also use artist grade journals, and photo books documenting the children’s long term investigations as well as present their work in a portfolio at the end of the year. Materials Fee also includes any extra cost of emergency supplies, protective gear for the staff and cleaning supplies and cost to ensure our environment is well sanitized for each day and for each class. Lastly, material fees include an inspiring morning snack which sparks curiosity and connects children to our garden and nature inviting them to become stewards of the natural world.
